HEALTH AND PHYSICAL CONSIDERATIONS

Generally, the professional in the beauty field must be in good physical health because working in this profession requires direct physical contact with the clients. In most aspects of the beauty culture, there is a great deal of standing, walking, pushing, bending and stretching sometimes for long periods of time. A person must consider their own physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if such students believe they can fulfill the training demands. If a student, while enrolled, sustains an injury deemed by the college to impair their ability to fulfill all educational requirements, both practical and theoretical, the student may be required to take a Leave of Absence until given a full medical release by their physician.

FERPA (SAFEGUARDING CUSTOMER INFORMATION)

Family Educational Rights and Privacy Act of 1974 (FERPA)

The FERPA is a Federal law designed to protect the privacy of a student's educational records. The law applies to all schools that receive funds under an applicable program from the U.S. Department of Education. The FERPA gives certain rights to parents regarding their children's educational records. These rights transfer to the student or former student who has reached the age of 18 or is attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students. Parents or eligible students have the right to inspect and review all the student's educational records maintained by the school. Parents or eligible students must send a written request to the school and identify the records requested. The school will notify the parents or eligible students about the date and time the records will be available. This will be done within 45 days of the receipt of the request. Records will be maintained by the school for five years. Schools are not required to provide copies of materials in education records unless, for reasons such as great distance, it is impossible for parents or eligible students to inspect the records personally. The school will charge a fee for copies.

Parents and eligible students have the right to request that a school correct records believed to be inaccurate or misleading. If the school refuses to change the records, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still refuses the correction, the parent or eligible student has the right to place a statement in the records commenting on the contested information in the records. Generally, the school must have written permission from the parent or eligible student before releasing any information from a student's record. An appointment must be made with the admissions office to review the files in their presence. The law allows schools to disclose records without consent to the following parties:

- School employees who have a need to know.
- Other schools to which a student is transferring.
- Parents when a student over 18 is still dependent.
- Certain government officials in order to carry out lawful functions.
- Appropriate parties in connection with financial aid to a student.
- Accrediting organizations.

- Individuals who have obtained court orders or subpoenas.
- Persons who need to know in cases of health and safety emergencies.
- State and local authorities to whom disclosure is required by state laws adopted before November 19, 1974.

Schools may also disclose without consent, directory type information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, the school must tell the students of the information that is designated as directory information and provide a reasonable amount of time to allow the parent of eligible students the school will disclose that information about them. If you have any questions about the FERPA, or if you have problems in securing your rights under this Act, you may call (202) 410-2057 or write to: Family Policy Compliance Office, Department of Education, 400 Maryland Avenue, S.W., Room 3017, Washington D.C. 20202-4605.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

If you cancel any payment you have made or any negotiable instrument by you will be returned to you within 45 days following the school's receipt of your cancellation notice.
2. After the end of the cancellation period, you also have the right to stop school at any time, and you have the right to receive a refund for the part of the scheduled course not taken up to 61 percent. Your refund rights are described in the contract.
3. If the school closes before you graduate, you may be entitled to a refund. Contact the address and phone number below for information.
4. If you have any complaints, questions, or problems which you cannot work out with the school, write or call the Bureau for Private Postsecondary Education at the address or phone number listed below. Read the Notice of Cancellation form for an explanation of your cancellation rights and responsibilities. If you have lost your Notice of Cancellation form, ask the school for a sample copy or write to: Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive STE 400, Sacramento, CA 95833, PO Box 980818, West Sacramento, CA 95798-0818, Phn: 1(888) 370-7589 Fax: (916) 263-1897 www.bppe.ca.gov.

CANCELLATION, WITHDRAWAL, AND REFUND RIGHTS

The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure:

1. You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first, class session, or the seventh (7) day after enrollment, whichever is later. Cancellation occurs when you give written notice of cancellation at School address shown on the front page of the enrollment agreement. You can do this by mail, in person, by FAX or telegram to the director of the school listed on front of this agreement. The notice of cancellation, if mailed, is effective by postmarked date. This notice need not take any particular form; it needs only to state you wish to cancel the agreement. You will be given two Notice of Cancellation forms on the first day of class. If you cancel this agreement within the seven-day time period, School will refund any money that you paid within 45 days after your notice is received. If School has distributed books to you, you shall return them upon cancellation. If you fail to return the books in good condition, you will be charged the kit list cost of books,
2. You have the right to withdraw from School at any time. A withdrawal may be effectuated by the student's written notice, or the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Any student who finds it necessary to withdraw must notify the Admissions Office promptly, in person or in writing, of their intent to discontinue classes, stating their reasons in full. If you withdraw from the course of instruction after the cancellation period as in Par. 1, School will remit a refund less the registration fee (\$100.00) within 45 days following your withdrawal. You are obligated to pay only for scheduled educational services and for received and accepted equipment. Equipment purchased through the school is not refundable due to State sanitation and disinfection regulations. The refund shall be the amount you paid for instruction multiplied by a fraction—the numerator of which is the scheduled number of hours

of instruction which you have not received but for which you have paid, the denominator of which is the total number of scheduled hours of instruction for which you have paid. If the amount you have paid is more than the amount that you owe, then a refund will be made within 45 days of withdrawal. If the amount that you owe is more than the amount that you paid, then you will have to make arrangements to pay it.

3. Any monies due a student who unofficially withdraws from the institution shall be refunded within 45 days of a determination by the institution that the student has withdrawn without notifying the institution. To determine unofficial withdrawals, the school monitors student attendance at a minimum of once a week (every 7 days). A student who has not been in contact with the school, verbally or in writing, for a period of 14 days, and has not requested to be granted a Leave of Absence will be determined as to have UNOFFICIALLY withdrawn and will be dropped and withdrawal and refund processes will begin. For students who have completed 60 percent or less of the scheduled hours of attendance, the refund shall be based on a pro rata refund. For students who have completed 61 percent or more of the period of attendance, 100 percent of tuition is due.
4. HYPOTHETICAL REFUND EXAMPLE: The following table outlines the refund due based on percentage of training completed, assuming you paid the following:

<u>Total</u> <u>Contract</u>	<u>Less Fees for</u> <u>Registration</u>	<u>Less</u> <u>Supplies</u>	<u>Tuition</u> <u>Fee</u>
\$8100	\$100	\$2000	\$6,000
<u>Completed</u>		<u>Refund Due</u>	
10%		\$5400	
25%		\$4500	
50%		\$3000	
61% and above		0	

6. For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the course when any of the following occurs: (a) You notify School of your withdrawal or the actual date of withdrawal; (b) school terminates your enrollment; (c) You fail to attend classes for 14 consecutive calendar days without notifying the school; (d) You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.
7. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds. If any portion of your tuition was paid from loan proceeds, the refund will be sent to the lender or agency that guaranteed the loan. Any remaining refund amount will first be used to repay any student financial aid programs from which you received benefits, to the extent of benefits received. Any remaining amount will be paid to you.
8. Students cannot be dismissed by an instructor. Such dismissals are to be sanctioned only by the administrators of the school or by state or federal counselors.
9. If the course is cancelled subsequent to a student's enrollment, the School shall at its option provide a refund of all monies paid or provide completion of the course.
10. Students who do not complete the program within the maximum time allowed (not to exceed 143% of the course length) will be automatically withdrawn from the program.

**The preceding cancellation, withdrawal and refund rights policy is present on the enrollment agreement and signed by the student upon enrollment.*

REFUND POLICY

The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure:

If you withdraw from school, two separate calculations will be done.

- The first calculation is the Institutional Refund Calculation. This determines how much tuition you will be charged for the time attended. (Please refer to the hypothetical refund example #4 under Cancellations, Withdrawal and Refund rights)
- The second is a required calculation for all Title IV recipients and is called the Return to Title IV calculation. This step determines the amount of financial aid that you can retain.

The two calculations are separate from each other and it is possible that Title IV funds may have to be refunded, leaving institutional charges to be paid by you. Each calculation is explained below. The refund calculation is done based on the last date of attendance or date of determination of withdrawal.

Return to Title IV

If you have used federal financial aid funds to pay tuition, it is important that you understand what happens if the student is dropped or terminated from the College. This calculation is different than the one used to determine the tuition you owe. In this calculation, the College will determine the percentage of the payment period completed using the start date and withdrawal date (Financial aid is posted to your account for one payment period at a time). The college can retain only that percentage of funds received and must return any overage to the financial aid source(s).

For example, if you have completed 35 days in a payment period of 105 days and the College had received a total of \$4,777.00:

- Step 1: Divide the number of days completed by the days in semester (35 divided by 105 = .334).
- Step 2: Determine the amount of aid received that can be retained by multiplying the percentage of payment period completed by the amount of aid received. In this example, the College can keep \$1,595.52 (.334 x \$4,777). The difference between what the College has received and what it can retain (\$4,777.00 - \$1,595.52) will be refunded to the financial aid source(s) as described below.

If any of the tuition was paid from student financial aid programs, refunds will be distributed to Federal Pell Grant first.

Student Return of Funds

If you have personally received monies from a grant and this payment is for more training than received, you must return 50% of the unearned aid. The payment must be made to the College, who will return it to the Federal Pell Grant account. If you are unable to make this payment in full, the College will assist in contacting the Department of Education for an approved repayment plan. If you are eligible for more funding than what was disbursed, the college will provide the student with written notification.

Return of Funds

If the tuition has been paid with a grant, those amounts are returned to the government. If you have not made payments equal to the amount of tuition owed at the time you drop or are terminated, you will owe that amount to the college. The college will work with you to develop a repayment plan that is best for you.

Third Party Payers (Revised June 1, 2017)

In accordance with California State law for students receiving tuition assistance, any tuition refunds will be made first to any lender up to the amount of such disbursement; any additional refunds will next be made to other

funding source accounts or any other sponsoring source up to the amount of such disbursement; any additional refunds due will be made to the student or sponsor. Any overpayment of monies distributed for non-tuition educational expenses will be based on the credits completed over the total time in that payment period. The student will be responsible for the repayment of any such overpayment. The refund for non-tuition educational expenses, if any, will be made to the appropriate agency account or individual. In the case that a student has completed a minimum of 61% of the course, 100% of the contracted total charges is due the school.

Refund Time Limits

In accordance with the California State law, all refunds will be made within 45 days from the date of cancellation or determination of withdrawal. If a student does not return from an approved leave of absence period as stated in school catalog, refunds will be made within 45 days from the end of the leave of absence period. However, such leave of absence may never exceed the maximum time allowed (Please see section entitled "Leave of Absence"). If you have any questions regarding these calculations, please contact Administration.

Discontinuation of Program

A full refund of tuition and fees will be made in the event the school discontinues a program and this prevents the student from completing.

Registration Fee Refund Policy

This fee is nonrefundable except within the cancellation period. If the applicant cancels his/her enrollment agreement by midnight of the seventh day after the first class the applicant attends, the school will refund any money that you paid within 45 days after your notice is received.

Withdrawal from Course

You have the right to withdraw from a course of instruction at any time. If you withdraw from the course of instruction you have attended, the school will remit a refund less the registration fee (\$100) within 45 days following your official withdrawal date. You are obligated to pay only for educational services rendered and for received and accepted equipment.

Once you pay for equipment (kit/books), it is yours to keep without further obligation. Cosmetology, Esthetician, Manicuring and Instructor Trainee Equipment (kit/books), once used, is not returnable due to health & safety purposes. If the amount that you have paid is MORE than the amount you owe for the time you were SCHEDULED to attend, then a refund will be made within 45 days of the official withdrawal date. If the amount that you owe is more than the amount you have already paid, you will need to arrange to pay for the outstanding balance due to the institution.

If the amount of your refund exceeds the unpaid balance of the student loan(s) you received, the excess will first be applied to any other aid programs from which you received funding, and any remaining balance will then be returned to you. Even if you withdraw more than seven business days after the start of the class, you may be entitled to a partial refund. You have the right to withdraw from school at any time and receive a refund for the part of the scheduled course hours not taken. The amount of that refund shall be "pro-rated" according to the uncompleted portion of the course and a registration fee (\$100).

Please Note: Shasta School of Cosmetology does not process student loans. However, the Bureau of Private Post-Secondary requires the following statement in school catalogs: "If a student obtains a loan, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds."

FINANCIAL AID PHILOSOPHY

Shasta School of Cosmetology believes that the talents, hopes, and ambitions of all people are among our nation's most valued possession. As such, this school continues to promote scholarship and grant opportunities for qualified, deserving students who must find funds to attend college. The fundamental purpose of this school's financial aid programs is, therefore, to make it possible for students who would normally be deprived of a college education because of inadequate funds to attend college. The following principles have been adopted for our financial aid program:

This college will work with schools, community groups, and other educational institutions in support of the national goal of equality of educational opportunities.

1. Expected family contribution (EFC) affects the student's cost of education. This school expects parents to contribute financially according to their means considering their incomes, assets, number of dependents, and other relevant information. Students are also expected to contribute from their own earnings and assets, including borrowing against future earnings.
2. Financial aid will be offered after determining whether the family's resources are insufficient enough to meet the student's educational expenses. The amount of aid offered will not exceed the amount needed to meet the difference between the student's total educational expenses and the family's resources.
3. In awarding funds to eligible students, the amount and the type of self-help will be related to the circumstances of the individual and the largest amount of grant assistance will be offered to students with the least ability to pay.

FINANCIAL AID MECHANISM

Financial aid is a mechanism that reduces out of pocket costs those students and/or parents must pay to obtain a specific postsecondary education. In other words, financial aid is money made available to help students meet the cost of college attendance. Financial aid includes grants, which do not have to be repaid. Financial aid is awarded to students who have "need".

Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school. *This school does not process student loans.*

Applicants seeking state or federal financial aid assistance must have a minimum of:

1. Original high school diploma, GED, high school equivalency, or completion of approved secondary home schooling. GENERAL FINANCIAL AID INFORMATION

Full-time financial aid advisors are available to assist you in obtaining the financial assistance required to meet your educational needs. You may apply for financial aid by contacting a financial aid advisor to discuss the process and time lines to apply for aid and completing the Free Application for Federal Student Aid (FAFSA). The FAFSA helps determine the amount of assistance for which you are eligible. This analysis considers factors such as income, assets, number of family members in your household, and the number of your family members enrolled in college.

WHEN TO APPLY: You must complete the Free Application for Federal Student Aid (FAFSA), Renewal FAFSA or FAFSA on the Web (FOTW) worksheet. You should apply for financial aid as soon as you decide to enroll at Shasta School of Cosmetology. Your financial aid advisor will advise you of the necessary items for the application process. Student financial aid information (FAFSA data, verification items, disbursement information, etc.) is maintained in individual student files. This institution recommends that students keep a financial aid file at home to help ensure a smooth financial aid process and timely receipt of financial aid funds.

WHAT HAPPENS NEXT? Once you have submitted the FAFSA or FOTW, you will be sent a Student Aid Report (SAR or e-SAR). The SAR or e-SAR should be checked for accuracy. Contact the school immediately in case you think corrections are needed. Once the SAR or e-SAR has been determined to be complete, a financial aid award letter will be sent to you which will state the student need (the cost of your education), family contribution, and the amount of the grant awarded. The Department of Education requires verification of a percentage of all students. It is the policy of Shasta School of Cosmetology to verify all the information for students who have applied for financial aid. You must complete the verification process before disbursements will take place. Funds are then distributed by the financial aid personnel.

Compliance Statement

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of their social security number is mandatory. The social security number is used to verify student's identity, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state or private programs.

Application Procedures and Forms

Financial aid applications for this institution consist of the following:

1. Free Application for Federal Student Aid (FAFSA). This form needs to be completed as instructed on the form. Documentation to substantiate the data entered on the form will be required by the Financial Aid Office as per the policy of this institution.
2. Enrollment contract
3. Signed Student Aid Report
4. Verification information which includes documentation regarding income, assets, and status.

Determining Need

The information you report when you apply for aid is used in a formula, established by Congress, which calculates your expected family contribution (EFC). Shasta School of Cosmetology utilizes the Free Application for Federal Student Aid (FAFSA) for students applying for aid. The results will be provided in the form of an electronic student aid report with the calculation of the expected family contribution.

Award Concept, Selection of Recipients and Packaging Criteria

Schools frequently do not receive enough campus-based funds to satisfy all the student financial needs. Therefore, the school emphasized the self-help concept of student financial assistance. The self-help concept is on a first come, first served basis when awarding eligible applicants. The SELF-HELP CONCEPT lists types of

financial assistance in the following order (1) Family Contributions, (2) Other resources, (3) Pell Grant, (4) Self Help (lenders).

Financial Aid Definitions

Refunds - In a case where a refund is due to the Title IV programs, the application of the refund will be made as follows: PELL. This order will be applied providing the student received funds from that program and in amounts not to exceed the amounts originally paid from each program. VERIFICATION POLICIES (Revised and effective August 15, 2017)

It is the policy of Shasta School of Cosmetology to provide in a timely manner to students a clear explanation of their role regarding their financial aid and verification, including what documents they must submit, the deadlines they must meet, and the consequence of failing to meet them. Federal regulations 34 CFR 668, Subpart E, governing the Title IV programs require schools to be sure of certain applicant reported data. These regulations require schools to develop written policies and procedures for verification. The school is required to make these policies available to all applicants for financial aid, as well as prospective students, upon request. This procedure is part of the admissions and counseling process. To follow the regulations and achieve consistency governing this process, the following verification policies apply to all applicants for Title IV programs:

It is the policy of this institution to verify all admitted students who have applied and been approved to participate in Title IV programs. Additionally, in agreement with requirements of 34 CFR Part 688.16(f), this institution shall resolve inconsistent application information for all enrolled students.

TIME PERIOD IN WHICH STUDENTS MUST SUBMIT VERIFICATION DOCUMENTATION

- For first award year, verifications must be completed by the end of the class cancellation period.
- For the second award year, verification must be completed by July 1st. Please note: In the instance that a student drops out of school before their second verification process is complete, the student will have 30 days from their drop date to provide to the Financial Aid office any requested documentation needed to ensure proper qualification for financial aid. Upon expiration of the 30-day period, if the student has not provided all requested documentation for verification, financial aid funds (if any has been disbursed) will be returned to Title IV and the student will be billed for any money owed to the school.

CONSEQUENCES FOR FAILING TO SUBMIT FINANCIAL AID DOCUMENTS ON TIME

Funds will not be disbursed until the verification process is complete.

If a student's EFC and Title IV aid amounts change, the student will be notified in person by the financial director within five (5) school days. If unable to notify the student in person, notification will be made by phone or mail.

PROCEDURES WE OR STUDENT(S) WILL FOLLOW TO CORRECT FAFSA DATA.

During the verification process, FAFSA data is reviewed for errors and any corrections needed are completed by the student or financial director.

PROCEDURE WE WILL FOLLOW TO REFER A STUDENT TO THE OFFICE OF INSPECTOR GENERAL

The Office of Inspector General is a clearinghouse for receiving and handling allegations regarding fraud, waste, abuse, mismanagement or misconduct affecting Department of State programs and operations. If you suspect that a student, employee, or other individual has misreported information or altered documentation to fraudulently obtain federal funds, you should report your suspicions and provide any evidence to the Office of Inspector General. All information needed to make such a report is available on the website of the Office of Inspector General at www.oid.state.gov.

For non-tax filers, please refer to the financial aid office for appropriate documentation.

The Financial Aid office shall notify and provide any additional forms to the applicant if additional information or documentation is needed for verification. The school shall notify the applicant of any change in the originally computed Pell Grant award. The school shall verbally notify the applicant when verification is complete and by obtaining the student's signature and date on the student's award letter. This is typically done in the financial aid office.

ATTENDANCE POLICIES

ATTENDANCE AND TARDY POLICY (Revised June 1, 2017)

Each student is expected to attend all classes as scheduled. Absences from class can seriously affect the student's progress. Any student who is aware of an impending absence from school should advise the receptionist and the director verbally and in writing. If a student is receiving PELL grant funds to attend this school, aid could be affected by absences. If for any reason the school is closed unexpectedly for extenuating circumstances, students will be notified by phone, or email. If the staff is unable to reach students by phone or email, a notice will be posted on the front door of the school. Hours allowed for absences are as follows: Cosmetology = 160 hours, Manicuring = 40 hours, Esthetician = 60 hours, and Instructor Trainee = 60 hours. Actual graduation date is figured according to total course hours + allowed absences for the course.

Absences and Tardiness

Absences: Regular attendance will be required at all times.

Tardiness: Students more than 7 minutes late are not allowed to check into theory class. Checking in at all times disrupts classes.

Class Cuts: No credit is given when daily timecards are not signed. Students must be checked in on timecards and checked out before leaving the building.

Hours missed by suspended students for violations of Shasta School of Cosmetology's Rules & Regulations will be charged at \$20.00 per hour.

Overtime

If a student does not complete the course by the actual graduation date listed on their contract, the School will charge an additional \$20.00 per hour according to their contract schedule until completion. Payment for hours to be attended past actual graduation date will be made one week in advance until completion. Absences do not relieve the student of overtime charges. Students must maintain a 70% overall grade and attendance rate to maintain satisfactory progress.

No Call-No Show Policy (Effective July 1, 2016)

To train students to work in a salon or place of employment, any student missing any day must call prior to clinic start time to advise a STAFF MEMBER that they will either (1) be late or (2) not be at school that day.

Additionally, any student leaving early must notify a STAFF MEMBER prior to leaving. Any student not following the above procedure will receive a demerit.

CLASS AND PRACTICE HOURS (APPLIED EFFORT) (Revised & Effective July 1, 2016)

Shasta School of Cosmetology will only recognize time clock-recorded hours of attendance. Students must clock in and out at the start and end of their class day, and in and out for their lunch period. After clocking in, you are required to maintain applied effort. Applied effort means that you are to be engaged in assigned practice activities, self-study activities authorized by your teacher, or participating in a class. In all cases, your activities while on the time clock must be related to training for your course of study. Personal grooming, listening to electronic devices, sleeping, leaving the building, reading magazines, etc. will not be tolerated.

LEAVE OF ABSENCE POLICY (Revised October 27, 2017)

The following policy applies to all students:

A student can apply for a leave of absence by filling out a "Leave of Absence" form available in the Administrative Office. This form must be filled out and include the reason for the student's request, signed by the student and approved PRIOR to taking Leave of Absence unless unforeseen circumstances prevent the student from doing so. *For example, if a student were injured in a car accident and needed a few weeks to recover before returning to the institution, the student would not have been able to request the LOA in advance.*

An institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, *the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.*

Leave of absence will be granted for medical reasons only for 2 to 6 weeks (exceptions can be made by the director for special circumstances). Leave of Absence may be arranged with the director for a period not to exceed 6 weeks. Only one Leave of Absence is allowed per enrollment. The LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12-month period. There must be a reasonable expectation that the student will return from the LOA. If the student does not return, they will be withdrawn. As an institution required to take attendance, the withdrawal date for the purpose of calculating a refund is always the student's last day of attendance.

This institution does not assess additional institutional charges (overtime fees or otherwise) as a result of a student's leave of absence. Additionally, a student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.

This institution will extend the student's contract period by the same number of days taken in the LOA. Changes to the contract period on the enrollment agreement will be initialed by all parties or an addendum will be signed and dated by all parties.

Return from Leave of Absence: Students returning from a Leave of Absence or other official interruption of training must return to school in the same satisfactory progress status they had prior to their departure.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

SATISFACTORY ACADEMIC PROGRESS EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1350 scheduled clock hours
Esthetician	300, 600 scheduled clock hours
Manicuring	200, 400 scheduled clock hours
Instructor Trainee	300, 600 scheduled clock hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 70% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 143% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED			
			WEEKS	SCHEDULED HOURS
Cosmetology	(Full time, 30 hrs/wk)	- 1600 Hours	76 Weeks	2288
Cosmetology	(HS PT- 24 hrs/wk)	- 1600 Hours	95 Weeks	2288
Estheticians	(Full time, 24 hrs/wk)	- 600 Hours	36 Weeks	858
Instructor Trainee	(Full time, 40 hrs/wk)	- 600 Hours	22 Weeks	858
Manicuring	(Full time, 24 hrs/wk)	- 400 Hours	24 Weeks	572

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 70% of the scheduled contracted hours.

Students who have not completed the course within the maximum time frame will be withdrawn from the program.

ACADEMIC PROGRESS EVALUATIONS

The academic (qualitative) element used to determine academic progress: Theory written tests grades as determined by assigned academic learning. Practical are assigned a minimum number of practical work from stamp sheets and timecards. Academic learning is evaluated after each evaluation period as described below. If the performance does not meet satisfactory requirements, student is placed in warning status. Students must *maintain a written grade average of 70% and pass a FINAL written with 90% exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:*

A: EXCELLENT	= 90% - 100%	= GPA 4.0-5
B: GOOD	= 80% - 89%	= GPA 3.0-3.9
C: SATISFACTORY	= 70% - 79%	= GPA 2.0-2.9
F: UNSATISFACTORY	= 69% AND BELOW	= GPA 1.9 AND BELOW

EVALUATION PROGRESS PERIODS

Evaluation of progress will be conducted by the Director as follows:

Cosmetology (1600 hrs)

Evaluations will be conducted at scheduled hour intervals of 450, 900, and 1350.

Esthetician and Instructor Trainee (600 hrs)

Evaluations will be conducted at the scheduled hour intervals of 300 and 600

Manicuring (400 hrs)

Evaluations will be conducted at the scheduled hour intervals of 200 and 400

Satisfactory = Students with minimum of 70% or 2.0 GPA academically and 70% attendance. All evaluations will be generated within 5 days of completing their scheduled hours. Any evaluation that may impact the student's eligibility for financial aid is notated, if applicable, on the evaluation. A copy of the evaluation is given to the student and a copy kept in the file.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period, **if the student appeals the decision, and prevails upon appeal**, will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised, in writing, of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and may be withdrawn.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within seven calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 10 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed, and federal financial aid will be reinstated, if applicable.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence (*Leave of Absent* policy in attendance section), the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

WITHDRAWALS

Any student who withdraws from their contracted course or fails to complete their training will have a notice placed in their student file as to their progress at the point of withdrawal. A student making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and will be considered making satisfactory progress at the point of re-entry. A student failing to meet minimum satisfactory requirements at the point of withdrawal will be placed on warning status until first established scheduled evaluation if accepted for re-enrollment.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regards to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purposes of determining when the allowable maximum time frame has been exhausted. (Please see policy [Requirements for Transfer Students](#).)

GRIEVANCE POLICY/CHAIN OF COMMAND (Revised and effective June 1, 2017)

What to do when you have a problem:

Problems of all kind occur in any school or business. If a problem should arise with an individual, try to resolve the matter with that person. If the problem cannot be resolved, you may request an appointment with the administrative office. The purpose is to have both parties discuss the issue at hand in a calm manner with the student affairs representative, student, and others present with a resolution. Should the problem become unresolved, it needs to be referred to the School Director for an investigation and resolution. Student grievance forms are available in the administrative office, if applicable. Additionally, records of complaints and their resolution, as applicable, are retained on file in the administrative office. This chain of command permits the proper flow of information and allows the system to function more efficiently and effectively, which may

produce more positive results, quicker action, reaction and consistency. If you have exhausted the entire chain of command toward a resolution and the organization is unable to assist you in your matter, seek Bureau for Private Postsecondary Education at 2535 Capitol Oaks Dr. Sacramento, CA 95833. BPPE mailing address is PO Box 980818, W. Sacramento, CA 95798-0818, Phone 1(888)370-7589. See grievance procedures for additional information.

This institution's student affairs, Title IX representatives are David J. Hambelton, Director and Terry Hambelton, Finance Director.

COUNSELING PROCEDURES/DISCIPLINARY PROCESS

When a student is to be counseled for disciplinary problems, Shasta School of Cosmetology implements the positive approach, known as a WIN/WIN AGREEMENT. This agreement entails the action in question, desired results, resources, guidelines, accountability and consequences (results of action, positive or negative). In conjunction with the WIN/WIN AGREEMENT, the following three-step procedures are outlined:

- A. INTERVENTION - When a student is not maintaining satisfactory progress, grades, or displays a behavior that is not conducive to the philosophy of the Shasta School of Cosmetology organization and/or the beauty industry, they will be counseled by administrative personnel. Upon conclusion of the intervention, appropriate steps will be outlined for the student's continuation of their education.
- B. ETHICS - At Shasta School of Cosmetology, we place a high value on the integrity and good judgment of every individual associated with the school. Any deviation from high ethical standards can bring discredit not only to the school but to the industry. We expect every student to exercise discretion and professionalism at all times. Clients, staff members, and fellow students must be treated with respect and courtesy. Please keep the schools best interest in mind at all times. Conversation topics should be limited to professional subjects and not include subjects like religion, politics, sex, or personal problems. The school positively reserves the right to suspend or expel a student who gossips, uses vulgar language, or causes any type of discord. Respect must be shown at all times toward peers, customers and staff.
- C. COMPLIANCE - Students must comply with all instructions, directives, and orders given by school personnel relative to school activities. Also, students must comply with the School's Standards of Performance Policies and Procedures, and State of California's Rules and Regulations.

SERVING THE PUBLIC

All students will be serving the public and must be courteous and pleasant. Students must take all appointments assigned to them. Students are to be prepared with all necessary equipment needed to complete the service. A student is not to leave a client during a service while a chemical is processing, during a facial peel, or while an electric apparatus is applied to the skin unless another student has been assigned by the teacher. Should a student leave a client with any of the above-mentioned work, they will face disciplinary actions as deemed appropriate.

COSMETOLOGY, MANICURING & ESTHETICIAN SERVICE PROTOCOL

1. When students are called to the reception desk for an appointment, they will pick up the work ticket, which will indicate the type of service his/her client has scheduled.
2. The student will greet the client in a professional manner and direct them to their assigned station. The work ticket must be prominently displayed on the work station.
3. After completing the consultation process, it is necessary for the student to consult with the floor instructor before the service begins. Additional services may be added, and a client charged accordingly.
4. The work ticket must be presented before any product is dispensed.
5. Throughout the service, educate the client as to what additional services may be required or retail products that maintain the quality of service.
6. Upon completion of the service, the student will walk the client to the reception desk to complete their transaction, suggest any retail products, and book for their next appointment.

DISPENSING OF EQUIPMENT AND MATERIALS

The staff is responsible for dispensing supplies to ensure inventory control. It will be necessary for the student to present the client work ticket before any supplies will be released. If a student is checking out an implement or tool, they must provide their time card. Upon return of the checked-out items, the student time card will be released.

RECEPTION DESK

The school reception desk is not a gathering place for students. Standing at the desk is unsightly to clients entering the school and disrupts the duties of the school receptionist. Only the receptionist, instructors or assigned students are allowed behind the desk. All appointments are to be made by the receptionist, designated staff member, or assigned student(s). All personnel, including teachers, must follow this procedure to insure consistency, customer service and professionalism.

Last Clinic Appointment Taken

VISITORS

All visitors must remain in school waiting area. No visitors are permitted in the classroom or on the clinic floor or break area (including outside break areas).

GUM CHEWING

Gum is a hair magnet. Chewing gum, while working on clients, does not look nor sound professional. It is also not sanitary. Therefore, gum chewing is not permitted on the premises.

TELEPHONE CALLS

School phones may not be used for personal calls. The receptionist **will not take messages** for personal phone calls unless it is an emergency. Calls will be screened to determine if it is a true emergency. An emergency is defined as a spouse, child, sibling or parent who is extremely ill or has been in an accident requiring emergency medical treatment. Use of personal cell phones is allowed during student breaks and in break areas only—not in front of the college.

COMPUTER AND ELECTRONIC COMMUNICATIONS POLICY (Revised 02-22-18)

During class hours, all electronic devices such as cell phones, iPods, GoPro's, Apple watches, etc. must be kept off, on vibrate or silent mode and in locker. Listening to or watching videos on personal electronic devices are also not allowed. No photographing, text messaging or recording is allowed. **Should a student's electronic device be discovered in the classroom, the student will be given the choice to (a) put phone in the office for the day, or (b) go home for the day.** Students will be dismissed from class when using an electronic device inside the building. When using an electronic device (cell phone, Apple watch, iPod, GoPro, etc.), students must be clocked out for lunch or on break and not in the classroom or student salon area. The only location a student may use an electronic device—even when out of class—is outside the back of the building, in the parking lot or in the break room—never in front of the college. Due to strict privacy laws, absolutely no camera phones can be turned on while inside the campus buildings. NOTE: A STUDENT MAY TAKE A PICTURE OF THEIR WORK ONLY WITH PERMISSION FROM A SUPERVISING INSTRUCTOR; AND, THE PICTURE MUST BE TAKEN UP AGAINST A WHITE WALL.

Regarding college licensed software that support's educational processes, students are not permitted to copy, remove, or install software. By using the computer equipment, software, and communications devices, all students knowingly and voluntarily consent to being monitored and acknowledge this institution's right to conduct such monitoring. The equipment is intended for educational purposes only, and any other use by the students may result in discipline up to and including permanent dismissal from the college.

MODELS

At times, the student will be asked to provide a model to perform services. There are no fees for models. Shasta School of Cosmetology will give the student a five-day minimum notice. If the student has a medical condition that prohibits them from receiving a service, they must submit supporting documentation from a certified physician.

EQUIPMENT AND BELONGINGS (Revised 02-22-18)

Each student is responsible for their personal belongings and materials. For this reason, a locker or storage unit is provided during the freshman period. All bottles and containers must be labeled to identify its contents. Students may not borrow equipment from the school; further, they are responsible for the return of school materials and equipment issued to them. Any equipment/supplies issued from the school and not returned will be charged on their Shasta School of Cosmetology account. Backpacks and wheel packs are allowed, but not on the clinic floor or the classroom floor; they must fit into your locker/side station. The reason they are not allowed on the clinic floor or the classroom floor is because of fire safety and trip hazards. Any bags and lockers are subject to on-the-spot inspection along with the student tool kit. Personal kit belongings must be removed from the school daily. There will be no written notice given by the college to remove the student's belongings from a locker or station. Should you have any concerns about possible loss of equipment and belongings, we recommend that you contact your insurance agent to determine whether your present policy would cover any such losses. If your present policy does not cover such losses, you may want to pay additional premiums to provide such coverage on your present policy.
